

# AMMO SAFETY DATA SHEET (MSDS)

According to Regulation (EC) No. 453/2010

## A.MIG-2081 – Wet Snow

English

Revision date / valid from: 21/10/2021

Version: 1

### 1. Identification of the substance/mixture and of the company/undertaking

Trade Name	Wet Snow (A.MIG-2081)
Use of the substance/Mixture	Powdered snow for modelling
Company	AMMO of Mig Jimenez, S.L.
Address	C/ Mauriain 3. 31132 Villatuerta, Navarra (España)
Telephone	+34 948 552 882
Email	<a href="mailto:info@migjimenez.com">info@migjimenez.com</a>
Website	<a href="https://www.migjimenez.com">https://www.migjimenez.com</a>

### 2. Composition/information on ingredients

Chemical nature: Glass spheres.

Composition:

90-100% Glass spheres.

N. CAS: 65997-17-3

N. EC: 266-046-0

### 3. Hazards identification

Product not classified as a "dangerous preparation" according to EEC criteria.

### 4. First aid measures

#### 4.1. Description of first aid measures

On skin contact:

Remove contaminated clothing and wash with plenty of water.

### 7. Handling and storage

Handle in accordance with good industrial hygiene and safety practice. Do not mix with incompatible materials (see list in section 10).

Storage: Store in a cool, dry place. Stable for at least 6 months. Store away from temperatures below 0°C and above 30°C.

Incompatible materials: products that react with water.

### 8. Exposure controls/personal protection

No specific or particular measures are required. Respect the general rules of safety and industrial hygiene.

#### Eye protection:

It is advisable to use protective visors when pouring the contents.

#### Hand protection:

Gloves.

#### Respiratory protection:

When using large quantities of product, avoid breathing dust and work with plenty of ventilation.

### 9. Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

Physical state: powder.

Colour: white.

Flammability characteristics:

Flash point: not applicable.

Comburent properties: Non-combustible according to EEC criteria.

Solubility in organic solvents: soluble in the usual organic solvents.

### 10. Stability and reactivity

Stable under normal operating conditions.

Materials to avoid: no known substances to avoid.

### 11. Toxicological information

No specific data, but by analogy, the product is not considered to present particular hazards if swallowed. In case of prolonged or repeated contact, may cause slight skin irritation. May cause slight and temporary irritation of the mucous membranes of the eyes.

### 12. Ecological information

Very poorly biodegradable product.

Usual final destination of the product: water.

Effect on the aquatic environment: No data available.

### 13. Disposal considerations

Do not pour waste directly down the drain. Must be collected and follow waste collection regulations.

### 14. Transport information

Not a dangerous goods transport product.

Rail-Road: NO regulation.

# AMMO SAFETY DATA SHEET (MSDS)

According to Regulation (EC) No. 453/2010
